SUMMARY

Apple Developer Academy graduate and Full-Stack Software Developer with a strong foundation in software development, application architecture, and scalable system design. Focused on building high-quality software with clean, maintainable code.

EDUCATION

Apple Developer Academy Program

2025 – 2026

Completed a 9-month intensive program in iOS development, building multiple iOS applications using Swift and SwiftUI.

Higher Diploma in Governance and Internal Audit

2024 – 2025

King Saud University – Riyadh, Saudi Arabia

- GPA: 5.00 / 5.00

Bachelor's Degree in Public Relations

2019 – 2023

Imam Muhammad bin Saud Islamic University – Riyadh, Saudi Arabia

- GPA: 4.90 / 5.00

PROFESSIONAL ACTIVITIES

Design System Session

Co-presented a technical session on Design Systems, demonstrating how reusable UI components improve code consistency, maintainability, and front-end development efficiency.

Git & GitHub Workshops

Delivered technical sessions on Git and GitHub, covering version control, branching strategies, GitHub collaboration, and common development workflows.

Misk Foundation Program

Completed the Misk Foundation Non-Profit Sector Skills Program with hands-on, project-based learning.

Internship Trainee (KACST)

Completed a cooperative training program at KACST, gaining professional experience in a collaborative work environment.

PROJECTS

• Suhail

Role: Backend Development & Cloud Functions.

A safety application for desert travelers. Selected as one of the Top 5 projects at the Apple Developer Academy.
